

Product features:

- Pluggable Power Modules
- High Speed option as standard
- DMX control
- Volt Drop Compensation

A Power factor-corrected 9000W ballast with built-in 1000Hz mode for high-speed filming applications.

The ballast has a unique self-tuning feature to automatically optimise the lamp stability when running in the high-speed mode.

The product is based on the Power Gems modular power circuit design which allows easy and rapid service and maintenance through the use of pluggable power modules.

The ballast also measures power loss in the head feeder cable to allow compensation of cable power losses and maintain maximum light output.

PRODUCT SPECIFICATION			
Max Lamp Power	9000W	Output Power Options	9kW, 6kW, 4kW, 2.5kW
Output Frequency Options	1000Hz, 300Hz, 100Hz Silent Mode	Input Voltage Range	190-265V AC
Current Draw	42A @ 230V	Power Factor	>0.98
DMX Built In	Yes	Max Ambient Temperature	45°C / 113°F
Width	260mm / 10.2"	Height	312mm / 12.3"
Length	467mm / 18.4"	Weight	24.2kg / 53.5lb

EB960P

9kW/6kW//4kW/2.5kW Electronic Ballast
